By Konstantin Beznosov

Sunday, January 10, 1999

Attendees: Bob Blakley, John Barkley, Konstantin Beznosov, Carol Burt (4Bs :)

- Objectives for the period before March 1
 - Resolve those remaining issues that have to be resolved by the revise submission
 - Today: Agree on a completeness of the issue list
 - Today: Select of the subset of that list as those issues that we want to resolve by the revised submission
 - Today: Begin resolving some of them
 - Today: Allocate issues to individuals to work on resolutions
- Work on issues:
 - #7: It's a general issue. we should consider resolving it upong finishing changing the spec
 - #25: Ask COAS people if they are going to do anything about naming COAS resources to use them with HRAC.
 - #26: Konstantin -- to contac Mary Kratz about ASTM AC matrix.
 - #33: We want to resolve it with some words like "the issue is out of the submission scope". We want to look at the spec in more detail before we do it.
 - #35:
 - It's not general enough to have explicit support in the operations
 - The support exist already through the resource names
 - #2AB issues:
 1. yes
 2. yes
 3. yes
 4. yes
 5. yes: is subissue of "exception" issue
 6. yes
